DESCRIPTION

High-quality solid board for a sophisticated presentation of goods. Packaging solutions made of this cardboard are visually very appealing on the sales shelf and promote differentiation from the competition. JadeBoard® Duo Premium is a versatile and sustainable packaging material and can be used, among other things, for attractive gift or beverage packaging for the luxury segment, sales-promoting display packaging and boxes or crates for fruit and vegetables, sausages, fish or other foodstuffs. Due to the low material volume, pallets, freight and transport space are optimally utilised, which saves costs at all stages of goods distribution.

APPLICATION

Cost-effective solid cardboard packaging solutions for versatile, high-performance, and sustainable shipping or retail packaging.

The general application recommendations are subject to technical testing of the specific cardboard grade.
