COOLSAFE

DESCRIPTION

One-sided pigmented recycled cardboard for use in the food packaging sector for product presentation at the POS. Particularly suitable for direct contact with dry and non-greasy foodstuffs and for use in the cold chain and in deep-freezing. High protection for packaged products such as muesli, baked goods, fruit, vegetables, frozen pizza or hygiene products. Non-food products such as screws, electrical goods or shower fittings can also be presented in a sophisticated way on the sales shelf.

APPLICATION

Folding boxes, individual packaging solutions or entire packaging concepts for the food industry, hygiene and cosmetics manufacturers or other consumer goods from various branches of industry.

The general application recommendations are subject to technical testing of the cardboard type.

SUITABLE FOR

- moist foods
- non-greasy foods
- dry foods
