

JADEBOARD® PRO STEIGEN 64

Pigmented recycled board with good opening properties for the packaging and filling industry.

SUITABLE FOR OFFSET PRINTINGSUSTAINABLEWHITENESS LEVEL 64ING

PRINTABLE

COOLSAFE

DESCRIPTION

Single- or double-sided pigmented recycled cardboard as a transport solution and sales-promoting product display for refrigerated dairy products, offering high stackability and packaging stability in cool and humid ambient temperatures. Consistent quality allows for high production speeds during the packaging process.

In addition to its primary application for dairy products, JadeBoard® Pro Steigen 64 is also suitable for other cold-storage packaging in the food industry.

APPLICATION

For cup-shaped products such as yogurt, cream, quark, beverages, or other refrigerated products.

The general application recommendations are subject to technical testing of the specific carton type.

SUITABLE FOR

- moist foods
- non-greasy foods
- dry foods
