

JADELINER® III

Liner paper with homogeneous brown surface for demanding packaging solutions with glued surface.

CEPI CODE 30COVER PAPER OPTIMAL RUNNING PERFORMANCE TEST LINER

DESCRIPTION

JadeLiner® III is a test liner used to create protective and functional packaging to wrap and ship everyday consumer products from consumer product manufacturers. JadeLiner® III can be used to produce various dimensions of corrugated board for transport packaging. First-class processing properties lead to optimum running properties on the corrugator.

APPLICATION

For the use of industrial packaging solutions, food packaging, and consumer goods packaging
