

JADELINER® NATURAL.

Liner paper with homogeneous brown surface for simple packaging solutions with low strength requirements.

CEPI CODE 38

COVER PAPER

OPTIMAL RUNNING PERFORMANCE

TESTLINER

DESCRIPTION

A linerboard with a brown surface that is not sized and does not receive a starch coating.

Everyday consumer goods are packaged by manufacturers in protective and functional corrugated cardboard packaging and shipped in it. Jadeliner® Natur can be used to produce corrugated cardboard in various dimensions for shipping packaging. This product is characterized by optimal running properties on the corrugator and its wide range of applications.

APPLICATION

Packaging with lower strength requirements, e.g. inner liner or intermediate layers

SUITABLE FOR

- non-greasy foods
- dry foods
