DESCRIPTION

One-side coated recycled board for use in food packaging for product presentation at the POS with a whiteness of 82. Particularly suitable for direct contact with dry and non-greasy foods as well as for use in the cold chain and in deep freezing. High protection for packaged products such as muesli, baked goods, fruit, vegetables, frozen pizza or hygiene products. Non-food products such as screws, electrical goods or shower fittings can also be presented in a sophisticated way on the sales shelf. A special backside pigmentation enables a low-dust processing.

USAGE

Folding boxes, individual packaging solutions or entire packaging concepts for the food industry, hygiene and cosmetics manufacturers or other consumer goods from various branches of industry.

The general recommendations for use apply subject to technical tests for the cardboard grade.
