

JADELINER® NATUR.

Liner paper with homogeneous brown surface for simple packaging solutions with low strength parameters.

CEPI-CODE 38

LINERBOARD

OPTIMAL RUNNING PROPERTIES

TESTLINER

DESCRIPTION

A paper with a brown surface that is not sized and does not contain starch. Everyday consumer goods are packed by manufacturers in protective and functional corrugated board packaging and shipped in it. Jadeliner® Natur can be used to produce various dimensions of corrugated board for transport packaging. Optimum running properties on the corrugator and the wide range of applications characterize this product.

USAGE

Packaging with lower strength requirements, e.g. inner liner or intermediate layers
