

JADEPROTEC®HYDROPHOBIC.

Water-repellent coating Cobb 1800 / 20, without plastic insert

DIRECT FOOD CONTACT

MOISTURE-REPELLENT

PRINTABLE

DESCRIPTION

If a waterproof paper or board is required, but no film is to be used, then JadeProtec® Hydrophobic is the right choice. With our special fluid coating we achieve a Cobb value of 1800/20. With one-sided impregnation, lamination is possible on a wide variety of materials. Fields of application are food packaging as well as packaging applications in the agricultural sector (flowers, plants). One-sided coating, optimum printability.

USAGE

For layer pads, palletizing, compartments, honeycomb, packaging.
